Sure, it's raining again, but one must have faith that summer sunshine is on the way. [Summer Winter](#) in Burlington certainly does, as it's banking on its on-site greenhouse to add extra freshness to menu items like a salad of dandelion and mint greens. The restaurant's lunch deal is fresh too: Mondays–Fridays, 11:30 AM–2:30 PM, it offers a two-course lunch special, app and main or main and dessert, for only \$15 (781-221-6643; [reserve online](#)).
